Our Unique Service Proposition

State of the Art Technology

- Our fleet is equipped with state of the art IoT & AI enabled tracking mechanism through which we offer unmatched precision and optimization to our customers – our customers also view the same dashboard as we do

Multicultural Fleet

- To adhere to the cosmopolitan diaspora of UAE, our fleet has multicultural background rider through whom our customers are able to liaise effectively with their clients

Rider to Deliveries Ratio

- We are accredited by our customers for our exceptional Rider – to – Delivery ratio which empowers our customer to manage larger set of deliveries with less number of riders – hence a considerable cost saving
